Greetings from Mahatma Gandhi National Council of Rural Education (MGNCRE), Department of Higher Education, Ministry of Education, Government of India!

We are happy to note that your esteemed Institution has formed **Social Entrepreneurship** which is progressive and motivating. We appreciate your key role in this endeavour.

As a part of going ahead with **Social Entrepreneurship** of the HEI, we are conducting an online workshop for motivating and promoting Swacchta through preparation of 'Social Enterprise Business Plans' in the Higher Educational Institutions across the country. **In this regard, you are requested** to Schedule a workshop for the members of the cell and the students in your esteemed Institution on <<Date and time >> (As per the telephonic conversation with the centre with the centre and our resource person).

The areas of knowledge sharing include aspects of **encouraging Social Entrepreneurship**.

MGNCRE is in collaboration with Samskruti Foundation, an organisation that has a network of several accomplished professionals from different walks of life, who have been working to contribute towards nation building. Samskruti foundation and their professional network will make these workshops more effective and far reaching to the students in carrying the message and motive behind **Social Entrepreneurship**.

As an extension to this, there would be Regional Level & National Level Competitions for students coming out with '**Best social entrepreneurship Business Plan**', which will be organized in the near future. This will bring recognition in State and also at National Level in terms of SESREC of the HEI.

Our Program Director Nation Building Campaigns Dr Vivek Modi can be reached for planning and organising the workshop for your Rural Entrepreneurship Development Cell. Character Building: Be Good, National Building: Do Good.

Looking forward to the program. Best wishes!
