

## PLAN OF ACTION (SESSION 2022 – 2023)

### Campus Development Committee

The following proposals regarding development of the campus were suggested for consideration of the Governing Body.

1. Construction of a Disable Friendly Toilet in the ground floor of the college building.
2. Replacement of broken window panes in the classrooms with fibre sheet.
3. Construction of Partition Wall in the Distance Education Room.
4. Installation of steel railing in the garden area within the college campus.
5. Putty and paint of the boundary wall of the garden.
6. Activation of solar panels.
7. Installation of a water purifier in the stack room of the library.
8. Bifurcation of water supply in all the three floors of the college building to manage usage of water and reduce its wastage.

Note: Any fund received from external agency as donation be utilised for augmentation of infrastructural facilities, if so specified.
